

Early Learning Goal for Numbers.

- Children count reliably with numbers from One to 20.
- Children can place these numbers in order and say which number is one more or one less than the given number.
- Using quantities and objects children can add and subtract.
- Children can count on or back to find the answer.
- Children can solve problems including doubling, halving and sharing.

Early Learning Goal for Shape, Space and Measures.

- Children use everyday objects to talk about size, weight, capacity, position, time and money to compare quantities and objects and to solve problems.
- Children recognise, create and describe patterns.
- Children explore everyday objects and shapes. They use mathematical language to describe them.
